AUSTRALIAN FAMILY OWNED BUSINESS ESTABLISHED 1986

ISO 9001:2015 QUALITY CERTIFIED.

✓ AUSTRALIAN APPROVALS

✓ EXPERT ADVICE & TECHNICAL SUPPORT

✓ EXTENSIVE PRODUCT RANGE

✓ THE TRUSTED BRAND FOR QUALITY

ABOUT US

WHO ARE WE?

ADM Systems Pty Ltd is a family run group of businesses, first established by our Managing Director, Glenn Bates in 1986.

Since then we have grown to become Australia's largest distributor of MEAN WELL Power Supplies, Eurotherm Process Control and Data Management Solutions, Industrial Transducers and Sensors, PCA Encoders, Industrial Connectors, and Test & Measurement Instrumentation suitable for a wide range of applications.

OUR SERVICES INCLUDE:

Expertise & consultancy across all of our product range.	Configuration of transducers, sensor & other equipment.	Service and repair down to component level.	Rental/loan of handheld test & measurement equipment.

WHAT DO WE DO?

At ADM we do what we do because we care.

Our team cares about your project and will do all they can to ensure you find the most appropriate solution.

We get that lead times can be a hassle, so we try and carry as much stock as possible to avoid that headache.

Despite that, you rightly expect not to pay too much for this service.

Technical support matters, which is why our technical team keeps up to date with the latest product information.

ADM is a family run business that was established in 1986 by Glenn Bates. From the outset Glenn understood the importance of customer care being at the heart of everything we do. This ethos continues today under the guardianship of our CEO, Kristin Brown, Glenn's daughter.

LED LIGHTING POWER AND CONTROL

MEAN WELL LED Drivers

DALI & DALI 2 Control
1-10V, 0-10V Dimmable
PWM & Push Dimming
IP42 / IP65 / IP67 Models
PWM Output
Constant Current
Constant Voltage
Australian Approvals

Power Source LED Drivers

AC Dimming
Constant Voltage &
Constant Current
DALI & DALI 2 Control
Linear Models
PWM Output
IP20 & IP66
Australian Approvals

Philips LED Components

Indoor Constant Current
& Constant Voltage Drivers
Outdoor Constant Current Drivers
Programmable Constant Current Drivers
Built-in LED Drivers
WiZ PRO Wireless LED control
Accessories including LED matrix,
COB, Strip, Light Fittings

LEDs

LED Modules
LED Strips
LED Flex

Intelligent Lighting Control

RGBW Lighting Control
Daylight Harvesting
DALI-2 & KNX Controllers
PIR & Microwave Sensors
Tuneable White
Wireless Master /
Slave Modules
Sensors for High Bay Lights

INDUSTRIAL POWER

DIN Rail

Low Profile
Slim Line
Wide Input Range
Single, Two & Three Phase
Current Sharing

Enclosed

15 WATTS ~ 10,000 WATTS
Single Rail
Multi Rail
Modular
Rack Mount
Current Sharing
Remote Adjustment of Output
PMBus/ CANBus

DC to DC Converters

DIN Rail
Enclosed
PCB Modules
Railway Approved Models
Vibration Resistant

Transformers

Low Loss Iron Core
Separate Insulated Windings
Fully Impregnated with Tropic Proof
Anti-Fungus Varnish
Manufactured to AS/NZ3108-1994
Optional DIN Rail Mounting Clip

Power Adapters

Plug Packs
Desk Top Power Adapters
Medical Adapters
Australian Approvals
Accessories

UPS / Security

DIN Rail
Enclosed
UPS & Redundancy Modules
Battery Charging / Monitoring
Alarm Output

Battery Chargers & Inverters

Lithium Battery Compatible
Suitable for Caravans
True Sine Wave
Modified Sine Wave
Up to 3000 WATTS
Inverter / Solar Charger
Rack Mount
Australian Approvals

Open Frame

General Purpose
Medical Power Supplies
PCB Mount Modules

Enclosures

Powder Coated Steel Enclosures
Plastic Polycarbonate Enclosures
Plastic ABS Enclosures

PROCESS SENSORS, CONTROL, RECORDING AND AUTOMATION

Control & Recording

Secure Data Logging
Process Controllers
Temperature & Refrigeration
Controllers & Thyristors
Process Automation
Solid State Relays
Displays, Transmitters & Panel Meters

PCA Encoders

Absolute
Incremental
Optical
Magnetic
Solid Shaft
Hollow Shaft
Programmable

Pressure Sensing & Measurement

General Purpose
High Pressure
Low Pressure
Differential Pressure
Hazardous Areas (IECEx)
Wireless
Handheld Pressure Meters

Weight & Force Measurement

Miniature Load Cells
Beam Load Cells
Specialty Load Cells
Torque Transducers
Load Cell Indicators
Load Cell Amplifiers
Hand Held Force Gauges

Variable Speed Drives

Single Phase /
Three Phase
Motor Control
High Performance
VSDS
IP66 Rated
Outdoor VSDs

Position Sensing & Displacement

Linear Position
Rotary Position
Angle Monitoring
Inclinometers
Dust and Moisture Proof
OEM Devices

Harting Connectors

HAN Modular Industrial Connector
60 Most Popular Items in Stock
Heavy Duty, Lightweight, Compact
Suitable for Industrial Applications

Flow Measurement

Ultrasonic
Clamp-on
Open Channel
Portable Devices

Level Measurement

Ultrasonic
Radar
Hydrostatic

Liquid Concentration

Process Refractometers
Brix Measurement

Test & Calibration Instrumentation

Power Analysers
Vibration Monitors
Accelerometers
Digital Multimeters

RADIATION MONITORING - IONISING & NON-IONISING

Personal Radiation Dosimetry

Active Dosimetry
Passive Dosimetry
Bluetooth Telemetry
TLD Badges & Materials

Hand Held Radiation Monitoring

Survey Meters
Contamination Monitors
Geiger Counters
NORM Monitors

General Radiation Dosimeters

Bench Top Meters
Area Monitors
Surface Contamination Meters

Gate & Portal Radiation Monitors

Scrap Metal Screening
Vehicle Scanning
Personal Screening

EMF Radiation Protection

Professional EMF
Field Strength Meters
Personal EMF Radiation
Monitors
Monitoring & Reporting
Software

Spectroscopic Identifiers

Radionuclide
Spectrophotometer
Gamma Source
Identification
NBR Elimination

ADM

OUR PRIORITY IS SERVICE

HOW WE DO IT.

ADM has a strong commitment to holding stock. This means you know the product is available when you need it.

We also offer volume pricing and scheduled ordering to original equipment manufacturers, who need to order in high quantities, as well as convenient online ordering services for all customers.

Our technical staff undertake regular factory training and have close working relationships with our leading suppliers, so that they are up to date with the latest technologies available. This ensures you have the best performing position transducers, load cells, LED drivers and all other components for your application.

WHY WE DO IT?

Because it matters to you.

We understand that it matters that you can quickly get a product to your door and that you need to also get that product to your door at a fair and reasonable price.

We understand that technical support matters, which is why we keep our technical team up to date with the latest product information.

We understand that you want to partner with a supplier that is focused on what matters to you.

HUMAN HELPFUL HERE

ADM BI-ANNUAL MAGAZINE

Want to learn more about how our products and services are used all around Australia? ADM publishes a bi-annual magazine called Power, Sense & Test, which showcases how our products are used in real applications.
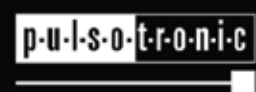

Why not request your copy today?

Perhaps you have an application that you would like to share? **Contact: editor@admtech.com.au**

Browse Online & Request Catalogues: To browse our product range, go to www.admtech.com.au.

Here you can also download soft copies of many of the product catalogues we have readily available. If you would like a hard copy, send an email to: editor@admtech.com.au.
